

NO TO PLASTIC on 18th December 2015

The plastic that we use takes minimum 1000 years to degrade. It cause lots of harm to the environment and even the animals...Recent studies have shown that most of the cows in cities have started eating plastics. To avoid ill effects of Plastic, HITA has come with the idea of using Paper Bags in Canteen of our College(VJIT) and make it a plastic free zone.
