

## **DONATION AT PREMA NILAYAM OLD AGE HOME ON 18<sup>TH</sup> APRIL 2015:**

Respect and love our elders taught to us from childhood, but we busy with our future goals and aspirations we forget to spend time with them. There are many homes for the orphanage and elderly people all over the world showing how much we care about them. Understanding the reality of the present situation we decided to visit one such home and share our time with them. Spending time and showing our concern is what they need the most.
