

## **FREE DRINKING WATER camp at VJIT on 28<sup>th</sup> May 2015**

2015 witnessed the highest temperature and shortage of water. As a remedy we thought of organizing a drinking water service. The idea was much appreciated by our management

### **DETAILS:**

**VJIT** management provided us with the required pots, helping in placing a temporary hut and also maintained a guard on salary basis to look over the drinking water camp near our College gate. The ceremony was inaugurated by Mrs. Archanna, HOD-Civil Department, VJIT.
