VIDYA JYOTHI INSTITUTE OF TECHNOLOGY

(An Autonomous Institution)
(Accredited by NBA, Approved by AICTE New Delhi & Permanently Affiliated to JNTUH)

Date : 27/04/2018

Application Title : Making "Deep Learning and AI skills" mainstream in India to fulfil trilateral needs of entrepreneurship, Industry-academia partnership and application-inspired Engineering Research from Royal Academy of Engineering, UK
UK Partner: University College, London; Brunel University, London

Industry Partner: NVIDIA, AWS Educate Amazon, Edvantics, Videoken
10 Collaborator Institutions, 100 Zonal Partners and 1000 Partner institutions in India

The objectives of the project are of great relevance to us because it is unique in its ambitions. Deep Learning, Machine Learning and Artificial intelligence are increasingly becoming the must-have skills for faculty, students and researchers in different engineering domains. Our institution is aspiring to inculcate this technology for the benefit of our stakeholders and the country.

We understand that Bennett University has a great supercomputing infrastructure and accomplished faculty, which will of high value for this engagement.

We wish to aggressively work towards making our institution a front runner in adapting AI technologies, courses and putting all the efforts required to make ourselves one of the national leaders. Our faculty will get trained on futuristic technologies which in turn will help us to train our students. After that we will be able to start a research group who will follow up these activities with student projects, publications, curriculum enhancement. As there are Industry partners also in the project, so it will help us in connecting with the industry and start-ups to get ourselves involved in some real projects.

We will support the project in terms of manpower, local support, local hospitality and infrastructure. We will nominate five-ten of our good faculty to get trained, set up a research group. World of opportunities will be open after this and group will flourish based on the further engagements and opportunities.

We will also come up with a comprehensive plan to consistently progress in making our institution as a leader in these futuristic technologies. In a timely fashion we aspire to become a resource institution for other institutions to conduct these activities in other Institutions and a role model for others in research.

We will be bound by the guidelines given in the proposal sent by Project lead. Our facilities can be used to hold workshops for Tier 2 and Tier 3 Institutions to spread the learning to remote institutions of the country.

F.No. 1-29/CM/AICTE/2017
April 10, 2018

Dear Sir / Madam,

For reforming and enhancing the quality of Technical Education in AICTE Approved Institutions and to also enhance the Skills & Employability of Students, AICTE has developed a Model Curriculum with the help of Academic & Industry Experts for various disciplines of Undergraduate & Post-Graduate Degree courses in Engineering & Technology and Management. The Model Curriculum has been published in Jan 2018 and is being adopted by various Autonomous Institutions / Universities. The model curriculum has components of AI and Deep Learning.

Bennett University, NOIDA(UP), in partnership with Royal Academy of Engineering, UK; NVIDIA, Amazon, University College London and Brunel University, London, has been funded a big initiative named as 'Making Deep Learning and AI skills mainstream in India by Royal Academy of Engineering, UK to fulfil trilateral needs of entrepreneurship, Industry-Academia partnership and application-inspired Engineering Research'. Already 30 institutions are Zonal Partners of this project. Bennett University is planning to add 50 more institutions as Zonal Partners for the project. The initiative will commence on 1st May 2018 and the last date for becoming lead Zonal Partner is 15th May 2018. Information regarding the objectives of the initiative.

Interested institutes may contact Dr. Deepak Garg, Director, NVIDIA-Bennett Research Lab on Artificial Intelligence at Deepakgarg108@gmail.com or contact at 9815599654 for possible collaboration and train your faculty in the upcoming high end technologies of AI & Deep Learning.

Yours sincerely,

(Anil D. Sahasrabudhe)

(Virtusa and the Partner are individually referred to as 'Party' and collectively referred to as 'Parties').

WHEREAS Virtusa is a global information technology services company and provides IT and business consulting, application support and maintenance, development, systems integration and managed services to its customers.

AND WHEREAS the Partner is a top ranked Pvt. Autonomous Engineering College affiliated to JNTU Hyderabad, NBA Accredited. It offers B.Tech., M.Tech. and MBA full time courses and has evolved a comprehensive student-centric learning approach consisting of several stages, designed to add significant values to the learner's understanding in an integrated manner, covering relevant knowledge, practical skills and positive attitudes.

AND WHEREAS the Partner, for the purpose of enriching practical skills and imparting industry relevant course curriculum to students of all engineering disciplines in the field of Information Technology ("IT"), has approached Virtusa with a proposal for forging an industry-institute academic alliance to facilitate and train the Partner's students and faculty on Engineering Automation by utilizing the Virtusa's relevant experience and projects, and by deputing its technicians at the lab of Partner with the object of providing exposure to the Partner's faculty and students to current industrial needs and requirements.

AND WHEREAS Virtusa, with a bonafide and non-commercial intention of educating the students of the Partner and making the students more exposed to the present industrial needs and requirements thereby reducing the cost and time involved in training and making them skill based personnel after graduation, has agreed to the proposal of the Partner

AND WHEREAS this MOU is intended to be legally binding between the Parties and is enforceable in accordance with the applicable laws and regulations.

Accordingly, the Parties have decided to reduce into writing their mutual representations and understanding as stated hereunder:

NOW THIS MOU WITNESSETH AS FOLLOWS:

1. That the Parties on this day have executed this MOU with an intention to enhance the quality of the education for students of the Partner, to train the faculty of the Second Party and also for the purpose of industry institute collaboration between the Parties subject to the following terms and conditions:
 - a. The Partner shall establish a lab with the specified infrastructure requirements of Virtusa and shall use the lab for imparting the course/training. This lab shall be exclusive to the use of the purpose stated under this MOU and will not be used for running other courses of the Partner
 - b. Virtusa shall provide the Partner with the material, software, and access to the Testing library during the term of this MOU and the Partner shall use the materials, software and access to the testing library under the guidance of designated representative of Virtusa and for the purpose specified under this MOU.
 - c. The Partner shall nominate two or three faculty members for undergoing the Trainer certification program at Virtusa office at Hyderabad for two weeks. The faculty, after completion of certification, will be allowed to train certain number of students as agreed upon by the parties in writing from time to time.
 - d. The final year students to be trained shall be pre-selected by Virtusa (hereinafter referred to as the 'Pre-selected Students').
 - e. The course will be imparted for the duration specified by the Virtusa as an additional training program. This program will be run during the pre-final semester of the graduation course being offered by the Partner for the Pre-selected students.
 - f. The Partner shall not charge the Pre-Selected Students any fee for this course. If it is found that the Partner has charged fees for this program from students, Virtusa shall have the rights to terminate this MOU or pursue other remedies available at law against the Partner.

- g. The Partner shall not train any students other than the Pre-selected Students. Virtusa shall have the discretion to make employment offers to any of the Pre-selected Students on completion of their graduation. Virtusa shall not be under obligation under this MOU to recruit any fixed number of Pre-Selected Students. Any of the Pre-selected Students who is not made an offer in the final selection is free to apply to any other company.
- h. Virtusa shall be provided earlier slot during the campus placements by the Partner prior to IT services hiring, which will be decided based on mutual discussion and agreement.
- i. Pre-selected Students who undergo this program as part of their pre-final semester will be given an internship opportunity by Virtusa either in its premises or through virtual mode.
2. The MOU shall be valid for three years from the date of execution and the Parties shall be at fully liberty to terminate the MOU for convenience by issuing prior notice of three months. Virtusa shall have the right to terminate this MOU in the event of breach of material obligations including confidentiality obligations by the Partner, by giving a notice of fifteen (15) days, provided that the breach is not remedied by the Partner within such period.
3. The Parties shall take reasonable steps to ensure the successful performance of the obligations agreed and co-operate with each other in duly performing the obligation agreed upon. The Parties herein have agreed to perform various obligations with service motive and there is no monetary obligation/consideration involved herein between the Parties. However, the Partner shall bear all expenses incurred by Virtusa towards providing infrastructure, network and internet access, other facilities required for the education and training and such other expenses incurred by Virtusa in performing its obligations under this MOU. All expenses incurred by Virtusa in performing its obligations pursuant to this MOU shall be reimbursed by the Partner at the end of every month.
4. Under no circumstances, shall the Parties be treated as the vendor, employee, contractor, representative and agent of the other.
5. Any information or documentation received by the Partner during the term of this MOU shall be deemed as 'Confidential Information' under this MOU. Dear Dr Siddhartha

Greetings and many thanks to have spared sometime to come over, talk about your institute, expertise with respect to IVS.

Happy to inform you that we have decided to extend COE to Vidya Jyothi Institute of Technology, Hyderabad.

For now, this would be for 1 year and extensions would be subject to the performance and deliverables. Here are next steps –

2 or 3 faculties to be identified who will go thru week long training at our office by our trainer – Please share their profiles and tentative dates so that we can check and plan

Visit by Suresh and Team to interact with the current batch (2019 batch) and the faculties to set the expectations

As part of COE, here are the expectations –

Virtusa will be the first recruiter to visit the campus for hiring (Product Companies / IT companies paying 2x Virtusa salary are exempted)

Students picked by Virtusa should not be showcased to any other recruiters (Exemption would be 2.5X salary of Virtusa)

Students should mandatorily finish ISTQB and Selenium certification prior to joining, for the offer to stand confirmed

Requesting you to initiate next steps and we would also guide accordingly in setting up the process

We once again congratulate team VJIT and wishing good luck for future.

Warm Regards,

Krithivas, Cell – 8886222662,

Important Clauses in the Agreement

Data Submission Clause

College (TPO) must give the complete database for 2011 batch and 2012 batch in a single slot and within 30 days of signing the Agreement. Data will NOT be entertained if sent in multiple attempts. This MAY lead to loss of opportunity for students whose data incomplete or whose data is not sent in one SLOT. This will lead to CoCubes.com being able to service your college to the best of our abilities.

This clause is in the best interest of the college and its students.

Payment Clause

College must make the payment within 45 days of signing the Agreement. If this payment is not made, CoCubes.com system will auto lock the logins of all the students and the TPO (s). This may lead to loss of opportunities for students. CoCubes.com will not be able to help with the logins as this is system driven.

Off Campus Data Clause

Six months after passing out of the batch, all students of the batch will become eligible and any job post to that batch will be auto approved. Example, after December 2011 all job posts for 2011 Batch (batch passing out in June 2011) will be auto approved and will reach the students directly. A parallel SMS/Notification will be sent to the TPO in order to keep the TPO up to date.

Dear Prof. Praveen Kumar,

Congratulations!

Your college registration on Internshala is complete and we have successfully registered 7 students of your college on Internshala. Now every one of them has their own Internshala account through which they can apply to internships.

Next step - We have sent a verification email to all the students, please ask them to open the email and click on the verification link to start using their accounts. Only after verifying, the students will be able to apply to the internships of their choice and receive weekly internship updates.

View the overall reports on hired or registered students from your college by logging in to your student activity dashboard here. Please let me know if you have any questions.

Look forward to a long-lasting association.

Many thanks,
