Sub: Guest Lecture

Sir,

We will be thankful for addressing IInd year students of ECE on "Electromagnetic field theory and Transmission lines" on 25-01-2016. Your lecture on Electromagnetic field theory and Transmission lines has really broadened the knowledge of the participants. Please accept our appreciation for such a commendable job.

Thanking You

Dr.

Students get tips on impressing recruiters

The Hindu Future India Club guest lecture was conducted at MBA Department, Vidya Jyothi Institute of Technology on December 22, 2015, which was sponsored by M/s. Tata Teleservices Ltd.

Kotapati Prabhakar Rao, Sr. Director, Capital IQ spoke on the topic "Impress the Recruiters" on its own campus. While introducing the guest speaker of the session, P. Suneeta Dharathi, Associate Professor, MBA Department said that recruiters assess MBA students at various levels and different rounds to test their capabilities and skills. Hence, the students should have clarity about what recruiters are ex-

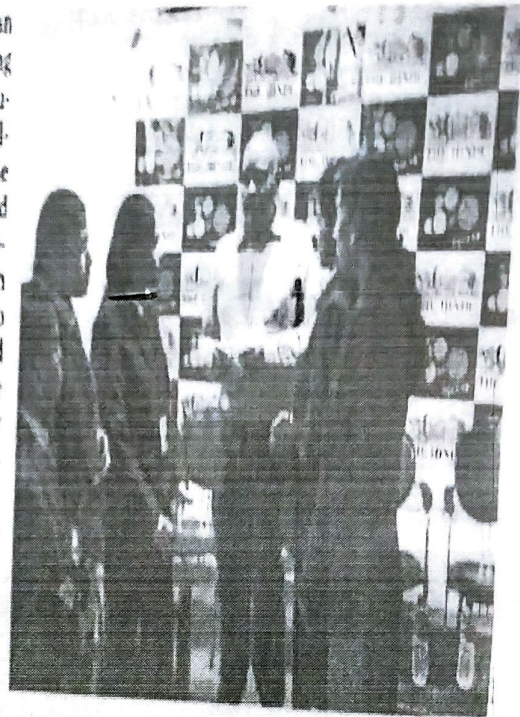

pecting from MBA job aspirants and the guest lecture will clarify all their doubts, informed Mr. Rao.

Many students are still in dilemma and are having no right focus in choosing their career goal and they concentrate only on marks. That's the reason why companies are not hiring them as most of the students are lacking self analysis and the effect of such career dilemma is that less than five per cent are employable, said Mr. Rao in his speech.

He advised students to Think like an employee, Behave like an employee, and Become an employee.

The speaker stressed on common mistakes commit-

ted by MBA students in an interview while establishing their positive attitude, enumerating their initiation. Also, he explained the attributes that are assessed in an interview, prior preparations required before an interview, the necessity to know about the company and job description. Finally, he added recruiters search for leaders that are creative, initiative, expressive, communicative, committed with which MBA students can "IMPRESS THE RECRUITERS". The participants expressed their happiness and felt that the lecture has ignited their spirits and made them confident enough to attend an interview.

EVENT SUMMARY:

MBA Department, VIDYA JYOTHI INSTITUTE OF TECHNOLOGY in line with BUSINESS LINE, HINDU has organized a guest lecture on 22-12-2015 by Mr.Kotapati Prabhakar Rao, Sr Director, Capital IQ on the topic "IMPRESS THE RECRUITERS" in its own campus. While introducing guest speaker of the session , Mrs. P.Suneela Bharathi, Associate Prof, MBA Dept said that recruiters assess MBA students at various levels and different rounds to test their capabilities and skills just like as customers do check for 4 C's while purchasing diamonds. Hence they should have clarity about what recruiters are expecting from MBA job aspirants and given assurance that today's guest lecture will clarify all their doubts.

S&P CAPITAL IQ is into data analytics to support investment managers ,investment bankers, wealth managers, marketing agencies M&A advisors and other regulatory bodies including a 4200+ clientele. Its main products and services includes desktop research, screening, real time market data, valuation, portfolio management, financial modeling, quantitative analysis & more.

Workshop Highlights

Python is a general-purpose language, which means it can be used to build just about anything, which will be made easy with the right tools/libraries. Python is a simple and minimalistic language. Reading a good Python program feels almost like reading English, although very strict English! This pseudo-code nature of Python is one of its greatest strengths. It allows you to concentrate on the solution to the problem rather than the language itself.

Agenda:

- Syntax And Style
- Python Objects
- Numbers
- Sequences
- Strings
- List And Tuples
- Dictionaries
- Conditional And Loops
- Files-Input&Output
- Errors&Exceptions
- Functions-Modules
- Classes&OOP
- Execution Environment

Sub: A Seminar on "Big Data Analytics" on 25-02-2016

Respected Sir,

It is proposed to conduct a seminar on Big Data Analytics on 25-02-2016. This seminar will provide knowledge about Big data, large amount of data to uncover hidden patterns, correlations and other insights. It will be helpful for students.

Thank You

Seminar Highlights

The purpose of this Guest Lecture is to provide a fertile ground for collaboration between research institutions and industries and in analytics, machine learning, and high performance computing.

Topics of interest are:

- High performance data analytics
- Machine and deep learning
- Data search and representation
- Architecture and system design
- Cloud-based big data solutions
- Software infrastructures

Head of the Department

Objective of seminar :

This Seminar is aimed at addressing the research topics in Big Data Analytics with focus on current research trends and recent advances with mathematical and probabilistic approaches. The main objective of the workshop is to present and discuss the latest developments in big data.

This session looks at tools and techniques available to data scientists, business analysts and traditional DW/BI professionals to analyze Big Data. It looks how different types of developers and users can exploit Big Data platforms such as Hadoop and NoSQL databases using programming techniques, text analytics, search, self-service BI tools as well as how vendors are making it easier to gain access both the NoSQL/Hadoop world and the Analytical RDBMS world by using data virtualization.

Topics covered:

1. What is Big Data?
2. Architecture of Big Data
3. Why Big Data
4. Tools in Big Data
5. Benefits of Big Data
6. Data analytics
7. Predictive analytics
8. Behavioral Analytics
9. Future of Big Data

Android Workshop

A two-day workshop on “**Android programming for smarter Application**” was organized by CSE department on 10th and 11th of September 2015 under CSI chapter by **Mr. Dinesh**, CEO of Quadrium Software Ltd.

Mr. Dinesh, is a professional with more than 10 years of experience in Android development.

As a passionate people person, he values openness and simplicity as foundations for creating a successful story.

He helped many Android Developers in learning Android Development and getting jobs as an Android Engineer and he obliged to continue the same to help learners in getting started with Android Programming.

He explained about what is an Android how to develop own android application, its applications and future scope.

He also explained components of an android mobiles, different types of sensors used in it. This workshop is useful for students in developing smarter applications for a smarter city. Java and XML are the two main programming languages used in Android App development. Knowledge and mastery over these programming languages are, therefore, prerequisites to developing an Android app. Some of the fundamentals of the Java programming language include:

- Packages
- Objects & classes
- Inheritance & interfaces
- Strings & numbers, generics,
- Collections
- Concurrency

Proper understanding of Java and XML will help you build/develop a more robust and elegant android app.

A 6 DAYS MICROSOFT HANDS-ON WORKSHOP MS AZURE

This workshop provides attendees with a hands-on learning experience.

A 6 days Microsoft Hands-on workshop, organized by Microsoft which started with, followed by IoT and universal windows application development. The best working teams were given a chance to participate in a Hackathon which is also organized by Microsoft team for 24 hours in VJIT. VJIT students with Microsoft team.

Resource Person:

1. Mr. Rajarshi Sahani, Microsoft India R&D Pvt. Ltd. Development center Hyderabad.
2. Mr. Jasneet Singh Bhatti, Microsoft India R&D Pvt. Ltd. Development center Hyderabad.

PRINCIPAL
Vidya Jyothi Institute of Technology
Himayyasaagar (Vijaya), C. S. Road,
Hyderabad 73.

From the participants:

It was a 6 days Microsoft Hands-on workshop, Organized by Microsoft which started with MS Azure, followed by IoT and Universal Windows Application development. We were instructed by the Microsoft employees and each module was taught for two days. They also shared their work culture, their products etc. Each day, we used go home, come prepared for next day with a ease, And the best working teams were given a chance to participate in a hackathon which is also organized by Microsoft team for 24hours in VJIT. Luckily! Our team got a chance to participate in hackathon, where we developed a blind navigation application (UWA), Different teams came up with different ideas! We were also given by a deadline to submit our projects. It was an amazing experience. Best ideas were awarded by first, second and third prizes too. I'd would like to thank Management of VJIT for giving us such a wonderful opportunity and creating a real-time environment to work.

Activity Report

Name of the activity: Workshop

Title/Topic: Two day workshop on 3D Printing and Applications

Resource persons/Guests: Dr.Y. Ravi kumar, Dr.S.Surya Kumar, Dr. Falguni Pati, Associate Professors, IIT Hyderabad.

Date: 22nd, 23rd February 2016

Keypoints:

Additive Manufacturing, 3D Printers, Reverse engineering, modelling and analysis

Summary:

It is one of the additive manufacturing activity aims at near nest product without any kind of material wastage or removal which is a common feature in conventional process. The resource persons highlighted the importance of microstructural aspects and the kind of strength of component so produced. The 3D printers and the varieties of fillers employed have been discussed for different applications. FDM process in the manufacturing of engineering components would play a major role in the future and there by revolutionising the manufacturing activity in a great way. Students and faculty interacted with the resource persons and perceived the 3D components brought for the invited lecture.

Sub: Confirmation of interest in conducting financial education workshop

Sir,

This is to confirm your expression of interest in conducting financial education workshop for the Young Investors at VIDYA JYOTHI INSTITUTE OF TECHNOLOGY on 12-04-2016 at 10:30 AM with 60 participants by Mr. Mr. Pudukodu subrah manyam certified financial education trainer of Securities and Exchange Board of India (SEBI) with Registration No SEBI/RP/S/AP/11

Please note that this workshop is only intended to spread basic financial awareness among people, so that they can make sound financial decision. No financial products/entity shall be advertised or promoted in any manner in the workshop. The workshop shall be interactive in nature and the duration shall be of 2 hour and 30 minutes. All cost in respect of study material for the participants and the trainer shall be borne by SEBI. Attendees for the workshop shall be according to the above mentioned participation and you are only required to provide the venue. Therefore you are not required to pay any cost to the trainer for his honorarium or for the study material.

Regards,

SEBI

OIAE-Investor Awareness Division

Acknowledgement from Head of Institute

Kindly confirm the same by attesting this confirmation letter or e-mailing your confirmation with comments on feprogram@sebi.gov.in. We also request you to send your feedback on the workshop at the above said e-mail id.

VIDYA JYOTHI INSTITUTE OF TECHNOLOGY
K. J. Somaiya Institute of Management & Studies
Hyderabad-75.

Also he has added that SEBI is constantly making efforts to educate investors about investment environment in our country, risk and return analysis and other parameters needed to assess investment decisions by investors from different parts of life. Students expressed their happiness as the workshop has clarified their doubts and given good feedback.
