Mr. Sri Charan Lakkaraju

Sri Charan Lakkaraju is the founder & CEO of Stumagz, Hyderabad. He and his partner Frederick were listed in the Forbes 30 Under 30 for the year 2018. He graduated as an electrical engineer from JNTU Hyderabad in the year of 2010. He has worked with Infosys from 2010 to 2014. Aggression, patience, knowledge, skills, hard work and perseverance, are synonyms with our speaker but what defines him best are zeal and ever-lasting enthusiasm. Charan had an ordinary childhood with a stereotypical upbringing. His zeal to make a difference to the world made difference in his life. He started Stumagz with Frederick in 2015. Stumagz is a Digital Campus Ecosystem connecting colleges and helping students to get discovered.

Stumagz was started with the goal of enabling students to realise their dreams, explore their potential and get great opportunities. As he worked with students throughout, he understood their needs and their wants in a better manner and he brought Stumagz VIP for students. Stumagz VIP is a one-of-its-kind student privilege program and through this, member students can have great cash backs on products and services that they regularly use and on a professional note, have access to exclusive events and have access to exclusive opportunities.

Being a teachers son one can claim that certain qualities are inherited but at the same time we should also remember it is only certain but not all of them. His constant love for learning new things and experimenting with his skills set opened various avenues for him. After graduation Charan joined Infosys and was a system engineer at various levels of International Banking Clients.

GUEST LECTURE REPORT

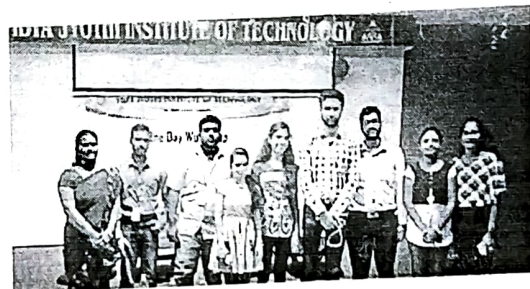

OF

"ENTREPRENEUR JOURNEY"

- 01 OCTOBER 2018

On 1 October 2018 department of Civil Engineering of Vidya Jyothi Institute of Technology organized a event named A guest lecture on "Entrepreneur Journey". In this event Mr. Sri Charan Lakkaraju, CEO Stumagz Hyderabad has delivered a lecture on "Entrepreneurship Journey". He introduced the different aspects of entrepreneurship and emphasized that zeal and great idea are the only ingredients in a recipe for business startup.

In his lecture Mr. Sri Charan Lakkaraju, discussed to instill the passion and spirit among the students to pursue entrepreneurship. The event motivated students to develop their own start-ups and also helped the students to improve their network with entrepreneur and get insight of the field. The workshop helped the students to set a business incubation centre in the institute.

Two Day Hands on Workshop

On

“MACHINE LEARNING”

Under CSI Chapter

On

6th & 7th October 2018.

Resource Person:

Mr. P Mohan
Senior Data Science Scientist
TechMahindra Hyderabad.

Audience: All the interested students of III B.Tech CSE/IT

PRINCIPAL

Vidya Jyothi Institute of Technology
Himayangar (71), C. B. Post,
Hyderabad-75.

Session highlights

Mr. P Mohan is presently Senior Data Science Scientist in TechMahindra Hyderabad. Tech Mahindra provides information technology services and business process outsourcing to companies in various vertical and horizontal markets. Tech Mahindra is headquartered in Mumbai, India.

He started the session with the explaining the importance of Artificial Intelligence (AI), Data Science (DS), Machine Learning (ML), analytics and the significance of it in the industry. The workshop was undertaken as a case based learning for each specialization which provided the practical understanding of the tool.

The students were trained how to define the constraints and develop a program code for the problem defined.

Natural Language Processing (NLP) and **neural networks** From Scratch

- Introduction to Machine Learning
- Introduction to Python
- Data visualization
- Data Classification
- Hands-on classification
- Data Clustering
- Hands-on clustering

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING & INFORMATION TECHNOLOGY

Two Day Hands on Workshop

On

“AUGMENTED REALITY AND VIRTUAL REALITY”

Under CSI Chapter on 28th & 29th September 2018.

By eduridge

2 Day hands on workshop on “AUGMENTED REALITY and VIRTUAL REALITY” conducted by eduridge (A 15 year old 3D visualization company).

Virtual Reality:

Virtual Reality (VR) is the use of computer technology to create a simulated environment. Unlike traditional user interfaces, VR places the user inside an experience. Instead of viewing a screen in front of them, users are immersed and able to interact with 3D worlds. By simulating as many senses as possible, such as vision, hearing, touch, even smell, the computer is transformed into a gatekeeper to this artificial world. The only limits to near-real VR experiences are the availability of content and cheap computing power.

Augmented Reality:

Augmented reality is the integration of digital information with the user's environment in real time. Unlike virtual reality, which creates a totally artificial environment, augmented reality uses the existing environment and overlays new information on top of it.

Who can join?

All the interested students of II, III and IV B.Tech CSE/IT.

Hyderabad-75.

Augmented reality (AR):

AR adds to reality, projecting information on top of what you're already seeing. VR adds digital elements to a live view often by using the camera on a smart phone. Examples of augmented reality experiences include Snapchat lenses and the game Pokemon Go.

Virtual reality (VR):

VR replaces reality, taking us somewhere else. It implies a complete immersion experience that shuts out the physical world. Using VR devices such as HTC Vive, Oculus Rift or Google Cardboard, users can be transported into a number of real-world and imagined environments such as the middle of a squawking penguin colony or even the back of a dragon.

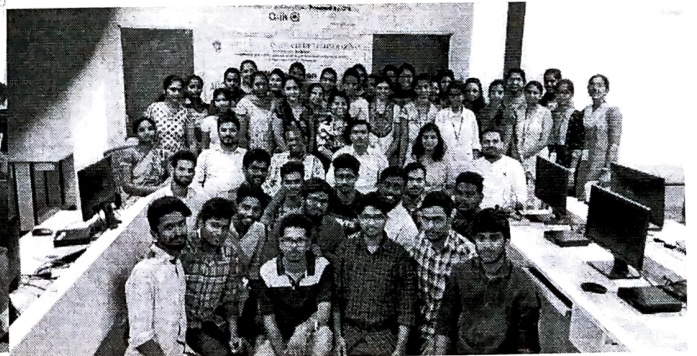

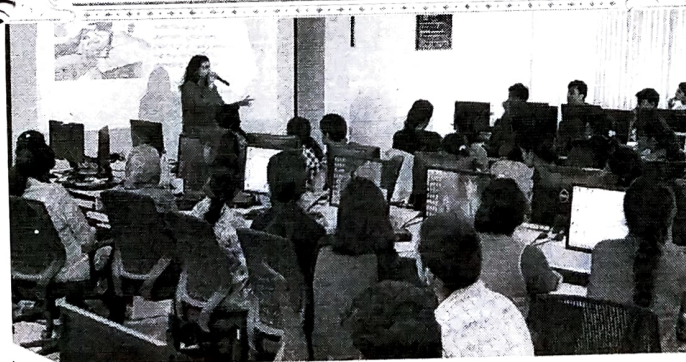

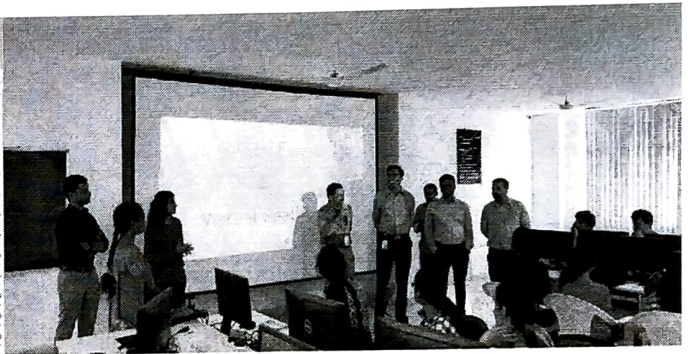

Mixed Reality (MR):

MR combines elements of both AR and VR, real-world and digital objects interact. Mixed reality technology is just now starting to take off with Microsoft's HoloLens one of the most notable early mixed reality apparatuses

Two Day Workshop

on

Ethical Hacking

Resource Person: Dr. Dr.S.R.M. Krishna, Professor

Department of Information Technology has organized Two Day Workshop On "Ethical Hacking". The Main agenda of the workshop is to explore the practical awareness on cyber security aspects which includes creating viruses and detecting viruses through various executable files and dynamic library link files. Students will get awareness on various cyber hacking tools through which they can analyze various vulnerabilities existing through WWW. Dr S.R.M.KRISHINA has conducted workshop on "Ethical Hacking" 01/02/2019 To 02/02/2019 for B.Tech III year students.

Activity Report

Name of the activity: Guest Lecture

Title/Topic: Welding Methods and Vacuum Brazing

Resource persons/Guests: Sri . K. Thyagarajan ,Scientist(Retd) DRDL, Hyderabad.

Date: 15 September 2018

Keypoints:

Welding Methods, Welding symbols in Design, Vacuum Brazing, Aerospace applications.

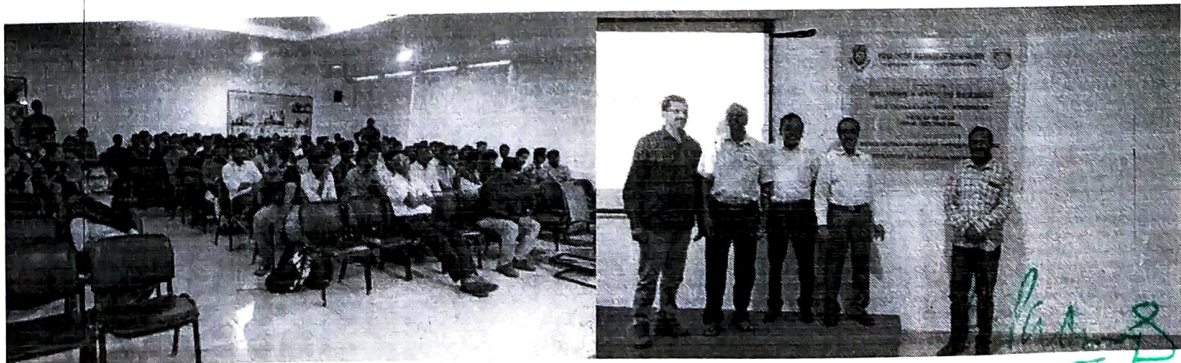

Summary:

In the lecture it was emphasized that the kind of the welding processes and corresponding parameters to be selected in the joining of the materials, also different welding symbols along with their importance's was dealt in order to understand the design and production drawing clearly, so that in the shop floor it can be executed easily. The components like nozzles in the rocket engine, LP engine, etc which are used in aerospace applications can be fabricated easily by employing vacuum brazing techniques. In the lecture it also emphasized the amount of the vacuum to be created for the component joining in order to make it defect free.

To,

HOD Mechanical Department,
Vidya Jyothi Institute of Technology, Hyderabad

Date: 06/10/2018

Sub:-Regarding permission to arrange Expert lecture on "Scope of Automotive Sector".

Respected Sir,

I, on behalf of Elite Techno Groups request permission to arrange an expert lecture on 'Scope of Automotive Sector'. The aim of arranging this session is to aware students about the current trends, platforms available for undergraduate's engineers and expectation of Automotive Industry from them. In this session we will also throw some light on the content, deliverables, and benefits of such training program.

It will be a 60-90 minutes awareness cum interactive session for Mechanical/ Automobile students (2nd & 3rd). During the session our experts will throw a light on the practical implementation of academic knowledge, career guidance and scope of activities and there procedure which they can be a part of in next 3 years of their engineering etc.

**This year ETG is conducting the Winter Internship Program (WIP) in 10 cities of India:
Ahmedabad, Bengaluru, Chennai, Delhi, Goa, Hyderabad, Kochi, Nagpur, Pune & Vishakhapatnam.**

We will also seek the participation of students from various other engineering colleges of India in order to maximise the benefit of the said program.

Team ETG is committed to raising the ante of the Industrial Engineering as well as promoting motorsports in India. And it is in furtherance of this objective that we conduct internships in engineering colleges on the topic, 'Industrial Designing, Dynamics & Development'. The program is designed in such a manner that it gives the theoretical and practical knowledge and improves their engineering skills through practical sessions, something that is untouched in the curriculum.

We will need a seminar hall/ classroom equipped with projector system (if possible) to make this session a success.

After discussing all the possibilities finally both the parties come to the below mentioned conclusion

- A) Date of expert lecture: 11th and 12th October, 2018**
B) Target semester and time of lecture: 2nd and 3rd year Mechanical Students

Thanking you for your time and consideration.

Mayank Arora,
Chief Marketing Officer
Elite-Techno Groups

Department of Mechanical Engineering

Activity Report

Name of the activity: Guest Lecture

Title/Topic: Oppurtunities for Mechanical Engineers

Resource persons/Guests: Sri . SatyaNarayana Yedidi, Founder & MD, CIMTECH Systems pvt ltd, Hyderabad.

Date: 01 March 2019

Keypoints:

Products Manufacturing,CNC machines, Reverse engineering,modelling and analysis

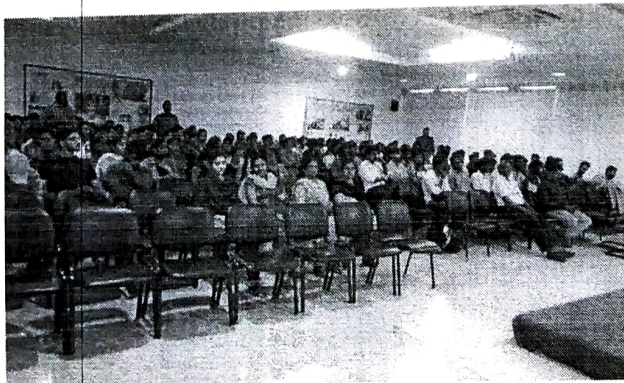

Summary:

It is initiated with the products and other activities practised by CIMTECH pvt Ltd with a view to expose the students to the industrial practise.The exposure of items included the water treatment plants,defense products manufacturing, modelling and analysis of critical industrial components like punch and die, working of 5 axis CNCmachines,reverse engineering and other skill development tutorials.The students actively participated in the discussion and query session of the lecture. It has opened up various career oppurtunities so as to enhance the skills in the desired and intrested functional and technical areas.

To

Dr.Amol Choudhary Assistant Professor
Indian Institute of Technology
Delhi

Dear Sir,

Sub:Guest Lecture – Invitation – Request - Reg.

We the Department of Humanities & Sciences, Vidya Jyothi Institute of Technology, Hyderabad is organizing guest lecture as a part of curriculum to give recent advances in the field of Physics. In this connection, we are privileged to invite you for an expert technical talk on “**High Performance Chip-Based Microwave Photonics**” on 02/03/2019. Your positive response in this regard will be recorded with great esteem. One of our faculty members will be in contact with you for necessary arrangements and assistance.

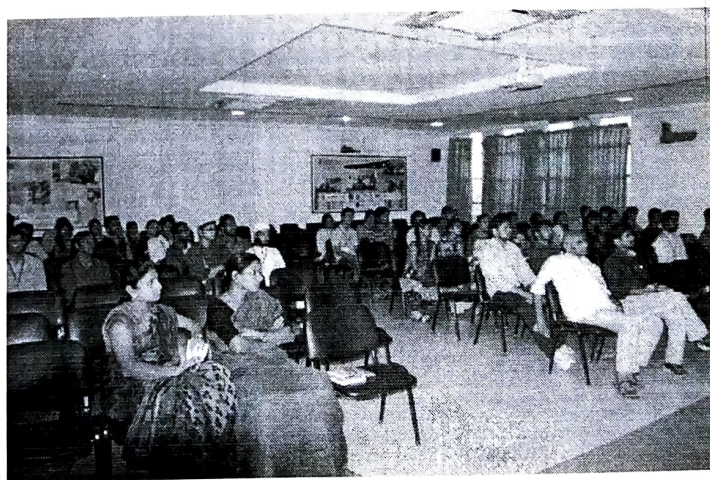

Thanking you,

Yours sincerely,

CIRCULAR

Date: 28/02/2019

This is to inform to all the I B.Tech students that there will be a work shop on
"Mathematical Applications in Science and Engineering" on 01/03/2019.

Resource Person: Prof. K. Satyanarayana
Rtd. Professor,
OU, Hyderabad.

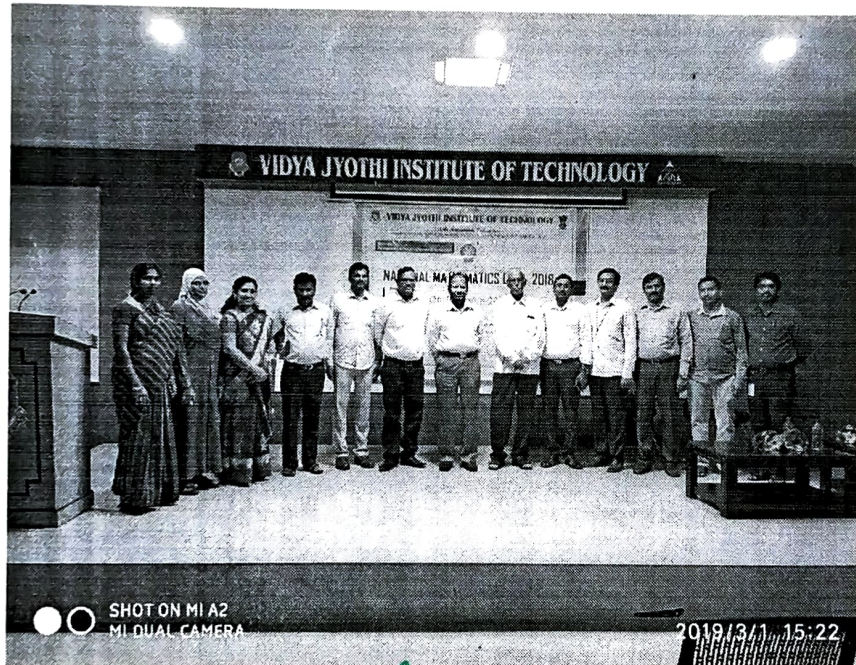

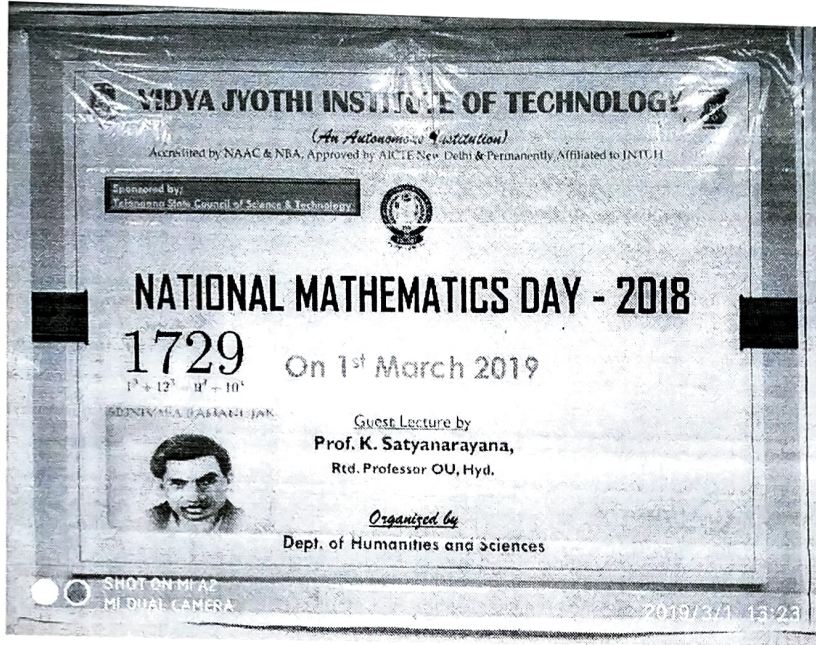

Timings: 1-30 PM to 3.30 PM

Venue: Central Block Seminar Hall
