Summary

High performing, enthusiastic professional from a premier business school in India with a cross-sector work experience of 17 years in international business, education, marketing and research. Launched new projects, facilitated India entry for organisations through research, strategy and execution.

Expertise in launching new projects, businesses and making them scalable. Having worked in a multi cultural environment gives me a good sense of appreciation for cultural diversities. Understanding of market conditions, strategy, planning, research, communication, report writing are my strengths.

In the education sector, my experience includes program management, developing engagements with academia, collaboration with industry and government bodies, building research partnerships, organising and participating in education promotion activities.

I am hardworking, a self-starter and believe in accomplishing objectives within deadlines. I have often been described as enterprising, someone with a strategic mind set and adaptable.

Reading, trekking, enjoying culinary delights and exploring un chartered territories are my passions.

Experience

Academic Program Manager (APAC) at QlikTech

July 2015 - Present

Launched the first Centre of Excellence in Analytics of Qlik

Expanded the base of the academic program from less than 10 institutions to more than 70 in two years

Formulated a strategy towards fulfillment of outcomes by identifying target institutions

Conducted presentations, demos about the program and the product

Created outreach campaigns via email, social media, outbound calls

Participated in educational events and conferences to present Qlik's offering

Leveraged internal resources such as marketing, sales, business development reps to support the program

Dear Mr. Emmanuel,

I hope you are doing good. I'm writing this e-mail to Thank You once again for taking out time from your busy schedule and addressing our students. As discussed, please find few feedback from our students about the session:

P. Mounika, CSE- Sir's session helped us understand what are the industry needs and it was really nice hearing someone directly from industry for the first time in our college. We expect these types of sessions even more.

Ruthwikesh, CSE- Mr. Emmanuel's speech about the placements and his advice was very good. His words made me to believe that with proper training and with my own effort, I can make through the placements.

Ani Kutti, IT- It was a great and inspiring speech. I had couple of doubts in my mind regd the session and he had cleared all my doubts. We have to learn more from him.

Ayush Agarwal, CSE- The interactive session with sir was engaging and encouraging. Thank you ma'm for organizing a wonderful interactive session.

Rohan, ECE- The session was really good which helped us to gain a better knowledge of the need for today's market. Listening to his session I felt good, and understood where I stand in the world. Sessions like this help us a lot with better knowledge. Looking forward for more sessions like this.

Yeshwanth, CSE- Recently Emmanuel sir from Epam systems visited our college to give us career guidance and introduce about the industry environment to the students, I was fascinated by the way he put the facts about industry. Sir was very supportive by bringing many illustrations to make our understanding really good and he was successful in instilling a confidence in us about how to readily face the interview. Sir let us know what a industry would expect from a fresher and what are the tactics we need to learn for it and finally my conclusion for it was fun full, joy full and a educative session.

Attached are few pictures of the session.

Thanks & Regards,
