Aziz Nagar Gate, C. B. Post, Hyderabad

Report on ICTIIE 2016 and IUCEE OBE Course attended at COEP, pune

The following topics were discussed on the dates given below

January 9, 2016

A 'Do-Engineering' Approach to teaching Power
Electronic Systems

OBE Solution for Tier 2 Institutions

January 10, 2016

Inaugural Session, Keynote Session

Best Practices: Outcomes Based Education

Best Practices: Teaching and Learning

Mini-oral Presentations

January 11, 2016

Plenary Panel Session 1 Teaching and Learning
Plenary Panel Session 2 Industry Academy Partnerships
Parallel Paper and Mini-Paper Sessions
Plenary Panel Session 3 Virtual Learning
Plenary Panel Session 4 Diversity Focus

January 12, 2016

Plenary Panel Session 5 Governance and Leadership
Plenary Panel Session 6 Outcomes Based Education
Parallel Paper and Mini-Paper Sessions
Plenary Panel Session 7 Innovation and Entrepreneurship
Plenary Panel Session 8 Student Focus

The above topics are further discussed in the EEE department for implementation .

International Conference on Transformations in Engineering Education

ICTIEE- 2015, Bengaluru (www.ictiee.org)

Indian Student Forum: January 4 to 6, 2015

Pre-Conference Workshops: January 5 & 6, 2015

Conference: January 6 to 8, 2015

Certificate for Presenting Authors

This is to certify that Padmaja M, Vidya Jyothi Institute of Tech, Anurag Group,

Hyderabad has presented the poster titled Transforming Undergraduate Education in

Engineering, and Technology Project-Based Learning: Educational Leadership authored

by A. Padmaja and V. S. V. Laxmi Ramana in the above conference, organized jointly by

BMS College of Engineering (BMSCE) and Indo-US Collaboration for Engineering

Education (IUCEE).

N. Srinivas

Dr K Mallikharjuna Babu

Co-Chair, ICTIEE 2015

Principal, BMSCE

K. Vedula

Dr Krishna Vedula

Chair, ICTIEE 2015

Executive Director-IUCEE

International Conference on Transformations in Engineering Education
ICTIIEE-2015, Bengaluru (www.ictiiee.org)
Indian Student Forum: January 4 to 6, 2015
Pre-Conference Workshops: January 5 & 6, 2015
Conference: January 6 to 8, 2015

Certificate for Presenting Authors

This is to certify that M Rajendra Prasad, Anurag Group, Hyderabad has presented the paper titled Project Based Teaching Methodology for Embedded Engineering Education authored by M. Rajendra Prasad and D. Krishna Reddy in the above conference, organized jointly by BMS College of Engineering (BMSCE) and Indo-US Collaboration for Engineering Education (IUCEE).

Dr K Mallikharjuna Babu
Co-Chair, ICTIIEE 2015

IUCEE INTERNATIONAL ENGINEERING EDUCATOR CERTIFICATION PROGRAM (IIEECP)
Empowering Engineering Educators to Prepare World-class Engineers
Pilot II Program September 2015 to June 2016

Name: T. Parameshwar.
Institution: Vidya Jyothi Institute of Technology.
Title: Assistant Professor.

Teaching Experience:

- a) Total No. of Years : 07
- b) Details of last two positions:

Institution	Year	Courses Taught
Vidya Jyothi Institute of Technology	December 2008 to till date	Electrical Machines-II, Power Systems-I, Power Systems-II, EHVAC Transmission, Electrical Distribution Systems & Power System Operation & Control.

Brief statement describing your passion for being a good engineering educator

The art of engineering is applying scientific theories to design. The fundamental principles that are applied to products and structures are paramount and by studying engineering I am hoping to learn how engineers use these principles and then integrate them into design.

Recommendation and Sponsorship from Head of Institution

I highly recommend and agree to sponsor T. Parameshwar for participation in the IUCEE INTERNATIONAL ENGINEERING EDUCATOR CERTIFICATION PROGRAM. The participant and the Institute are committed to the successful completion of Pilot II of IIEECP.

Vidya Jyothi Institute of Technology
Himayatnagar (Vijith), C. B. Road,
Hyderabad-75

You have been nominated by Prof. M. Padmaja from your institution for participation in the Second Pilot of the IUCEE International Engineering Educator Certification Program (IIEECP), which is offered by IUCEE (Indo US Collaboration for Engineering Education) in collaboration with IGIP (International Society for Engineering Pedagogy) and sponsored by Microsoft.

We need a formal application from you. I have attached the Application Form. Please complete this form which includes signed "Recommendation and Sponsorship from Head of Institution". The deadline for me to receive this as scanned copy via email is July 17, 2015.

The Course will start with Phase I Face-to-Face Orientation Workshop from Sept 14 to 17, 2015. The location for this Workshop has been selected as BMS College of Engineering, Bangalore. This location was chosen because it is the most convenient for the majority of applicants.

Phase II will be on-line and Phase III Face-to-Face Valedictory Session will be in June 2016 (dates to be announced) at BMS College of Engineering, Bangalore.

The Registration Fees for the entire Course is Rs. 12,000 for members of IUCEE Consortium. Your college is a member of this Consortium.

Fees do not include travel or accommodation at the Face-to Face sessions.

As part of the Course you will need to prepare to take and pass the Microsoft Certified Educators Test on line. Fees of Rs. 2,500 for this (which we need to pay Microsoft), are included in the above Registration Fees.

Once we complete selection and confirm your participation we will send you an invoice for the fees as well method of payment, which needs to be paid by August 10.

Krishna Vedula

Executive Director, Indo US Collaborative for Engineering Education (IUCEE)

Past President, International Federation of Engineering Education Societies (IFEES)

Professor and Dean Emeritus, University of Massachusetts Lowell

Earlier email:

IUCEE has launched a pilot Teacher Certification program for engineering faculty. From all reports I have seen, this is a very big need for improving quality of engineering education in India. This program is in collaboration with IGIP (International Society for Engineering Pedagogy), Austria (<http://www.igip.org/igip/>) and supported by Microsoft India. The program is delivered in a blended format, including face-to-face sessions, as well as asynchronous on-line modules coupled with regular synchronous on-line sessions. Our collaborator, Inpods (<http://www.inpods.com/>), provides support with their e-platform. The first Pilot started January 9, 2015 and is about to conclude with a Valedictory Session on June 17, 2015, with 36 participants from IUCEE Consortium colleges at BMS College of Engineering, Bangalore.

The program was coordinated by Dr. Veena Kumar from University of Maryland as well as faculty from Virginia Tech, Rowan University, Arizona State University and Chitkara University. The generosity of Microsoft India has enabled the first pilot to be offered free. A

2	PNCVIET	Aug-2010 to Sep-2103	C,STM,EP,DMDW

Brief statement describing your passion for being a good engineering educator

In my belief, integrating the latest innovations, computer engineers use their extensive knowledge to develop new computer hardware, design and implement software applications, and enhance the capabilities of networks and communications systems.

Recommendation and Sponsorship from Head of Institution

I highly recommend and agree to sponsor Y.Praveen Kumar for participation in the IUCEE INTERNATIONAL ENGINEERING EDUCATOR CERTIFICATION PROGRAM. The participant and the Institute are committed to the successful completion of Pilot II of IIEECP.

Design and Implementation of Student Centered Learning

1. Introduction

The primary aim for all teaching and learning activities is for the learners to learn. Students in our classrooms play an instrumental role in what and how we teach, and at the same time show results of how well they learn. Yet, in many classrooms we tend to over look the most important entity while designing our content, instruction and assessment. This workshop is based in the need to design and implement effective learning environments centered on students.

Footsteps and IIDEA (International Institute for Developing Engineering Academics) in collaboration with IUCEE (Indo-US Collaboration for Engineering Education) are offering this two-day workshop titled "Design and Implementation of Student Centered Learning".

The core tenants of the workshop are represented in the following figure.

Avneet Hira

Avneet Hira is a doctoral student in the School of Engineering Education at Purdue University. She is also the Co-Director of Footsteps. Her research includes K-12 education and first year engineering in light of the engineering design process, and inclusion of digital fabrication labs into classrooms. Her current work is on the use of classroom Makerspaces for an interest-based framework of engineering design. She is also interested in understanding the social and cultural underpinnings of engineering education, to study and develop indigenous engineering capabilities. After completing a B.E. in Aeronautical Engineering from PEC University of Technology, she received an M.S. in Aerospace Engineering

from Purdue University.

2. Schedule

Day 1 - 5th January, 2016

Session 1 (2 Hours 30 minutes)

Understanding the importance of student centered learning, and being able to situate the idea within learning environments pertinent to the participants.

Session 2 (2 Hours 30 minutes)

Developing and modifying content in a way that is relevant to the participants' students.

Day 2 - 6th January, 2016

Session 3 (2 Hours 30 minutes)

Designing and implementing individualized formative assessment strategies.

Session 4 (2 Hours 30 minutes)

Planning classroom instruction to achieve student engagement.

Final Deliverable:

A lesson plan for action that encompasses work from Sessions 1-4 will be compiled and presented

3. Facilitator Profile

Dr. Jennifer J. DeBoer

Dr. Jennifer DeBoer is currently an Assistant Professor in School of Engineering Education at Purdue University. She is also the Co-Director of IIDEA (International Institute for Developing Engineering Academics). Her research interests include investigating engineering education & technology tools to realize opportunities for diverse students around the world. Through IIDEA she helps to develop and coordinate capacity building workshops for national engineering training systems throughout Latin America, Africa and Asia.
