Vidya Jyothi Institute of Technology

Department of CSE

AY: 2021-22

Innovative Technique Implemented: Interactive Learning(Digital Plickers)

Subject: Cloud Computing

Name of the Faculty: S.Divya

Topic: Unit-1&2 MCQ

Students: IV-I B.Tech CSE-A

Implementation:

Plicker cards are given to students in pdf format via whatsapp. Faculty adds students to the faculty plicker library. Students are given a plicker number once they enter. Students are instructed to snap a picture of their plicker card. Faculty display question using ICT tool and student answer questions by holding up a unique card using a mobile device. Faculty scan student answers using the Plickers app. Total Participation and each student assessment can be viewed for multiple choice questions.

Outcome:

It is easy and quick assessment on students

Results can be used to assess the students understanding level
