Vidya Jyothi Institute of Technology
Department of CSE
AY: 2020-21

Innovative Technique Implemented: LMS (SlideShare)
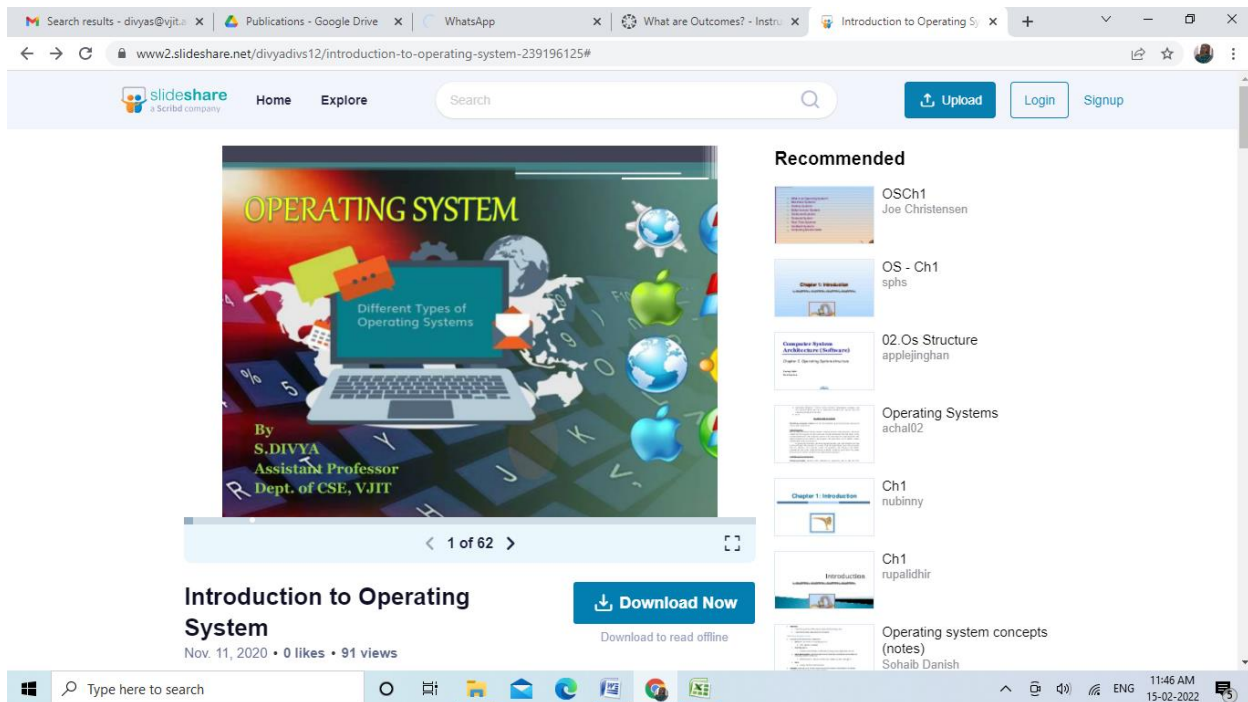

Subject: Operating Systems

Name of the Faculty: S.Divya

Topic: Introduction to OS(Unit-1)

Purpose:

Slideshare is a website which allows you to post content - PDFs, PowerPoint slides, videos, and others - as a presentation. Presentations can then be searched, viewed and shared by anyone. Slideshare is the most popular presentation sharing website in the world.

Faculty uploads course material for students who may have missed the class or need access to the slide content once class is over. Teachers can also connect to and follow their students' activity to keep track of what they're uploading and viewing.

Outcome:

Students can access content from anywhere and notifies students when new presentation uploads

Course Instructor   **CSE-HOD**

(S.Divya)
