Feedback collection process:

Feedback on all the faculty members is taken from the students against the below mentioned parameters:

1. Subject Knowledge
2. Communication skills
3. Presentation skills
4. Punctuality
5. Control over the class
6. Audibility
7. Professionalism
8. Content of Lecture
9. Clarification of doubts
10. Explanation with examples

Students are suggested to provide feedback in a scale of 1-10, against each parameter (1 being lowest and 10 being highest). Feedback is collected by using a web application which improves speed and efficiency of the process.

Academic Year 2020-2021

Date - 23/4/2021

Feedback obtained from II year II sem students shows that, the feedback on the subject "Fluid mechanics and Hydraulic Machinery" handled by a senior faculty member Mr.S.Raghavendra is very poor (6.19/10). Students have even mentioned that he is not punctual to classes. He is instructed to be punctual to classes. He is required to reach the students more effectively. Problem solving skills of the students need to be focused.

HOD/EEE

Head of the Department

Academic Year 2020-2021

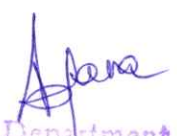

Date - 23/4/2021

HOD and senior faculty members analyzed the feedback report obtained from students of III year II sem. It is found that the feedback on the course "Electrical measurements and Instrumentation" handled for III yr II sem B-section students is very low (6.49/10). So, Dr. Harikrishna Muda is instructed to go through the content available in D-space upload by previous subject faculty. He is further instructed to prepare clear notes on the subject by referring more textbooks.

HOD/EEE

Academic Year 2020-2021

Date - 23/4/2021

Feedback obtained from IV year II sem students shows that, the feedback on the subject "EHVAC Transmission" handled by a senior faculty member Mr.A.Narasimha Rao is very poor (6.47/10). He is advised to have an elaborate (step by step) explanation of every problem. He is advised to involve all the students in the class during content delivery by making the sessions interactive
