Subject : OOP'S Through Java

Topic: Basics of Java

Date:19/10/2020

Participants: ECE A,ECE B

Content: Teachers try to increase students' participation and their active attention to course content by incorporating effective, applicable, low-cost, and enjoyable teaching apparatuses.

Canvas is a course management system that supports online learning and teaching. It allows professors to post grades, information, and assignments online. It is being used by universities and colleges all over the world.

Implementation:

Following is the Link: <https://canvas.instructure.com/courses/2404225/files>

The screenshot displays the Canvas LMS interface. The left sidebar contains navigation links: Home, Account, Dashboard, Courses, Calendar, Inbox, History, Commons, Announcements, Assignments, Discussions, Grades, People, Pages, Files, Syllabus, Outcomes, Rubrics, Quizzes, Modules, BigBlueButton, and Collaborations. The main content area shows the 'Files' section for the course 'OOPS Through Java' > 'Unit_I'. A search bar and a list of files are visible. The files list includes:

The bottom of the image shows the Windows taskbar with the search bar and several open applications, including a web browser, a file explorer, and a word processor. The system clock indicates the date is 09-02-2022 and the time is 02:13 PM.

Outcome:

- Easy to use and to update.
- Visual and intuitive → Enhance communication.
- Focuses on key aspects and helps to stay focused.
- High information density in the canvas.
- Enhance goal-oriented discussions and creativity.
- Forces to think in a structured way.
