Innovative Technique implemented: Collaborative Learning

Subject: Principles of Problem Solving
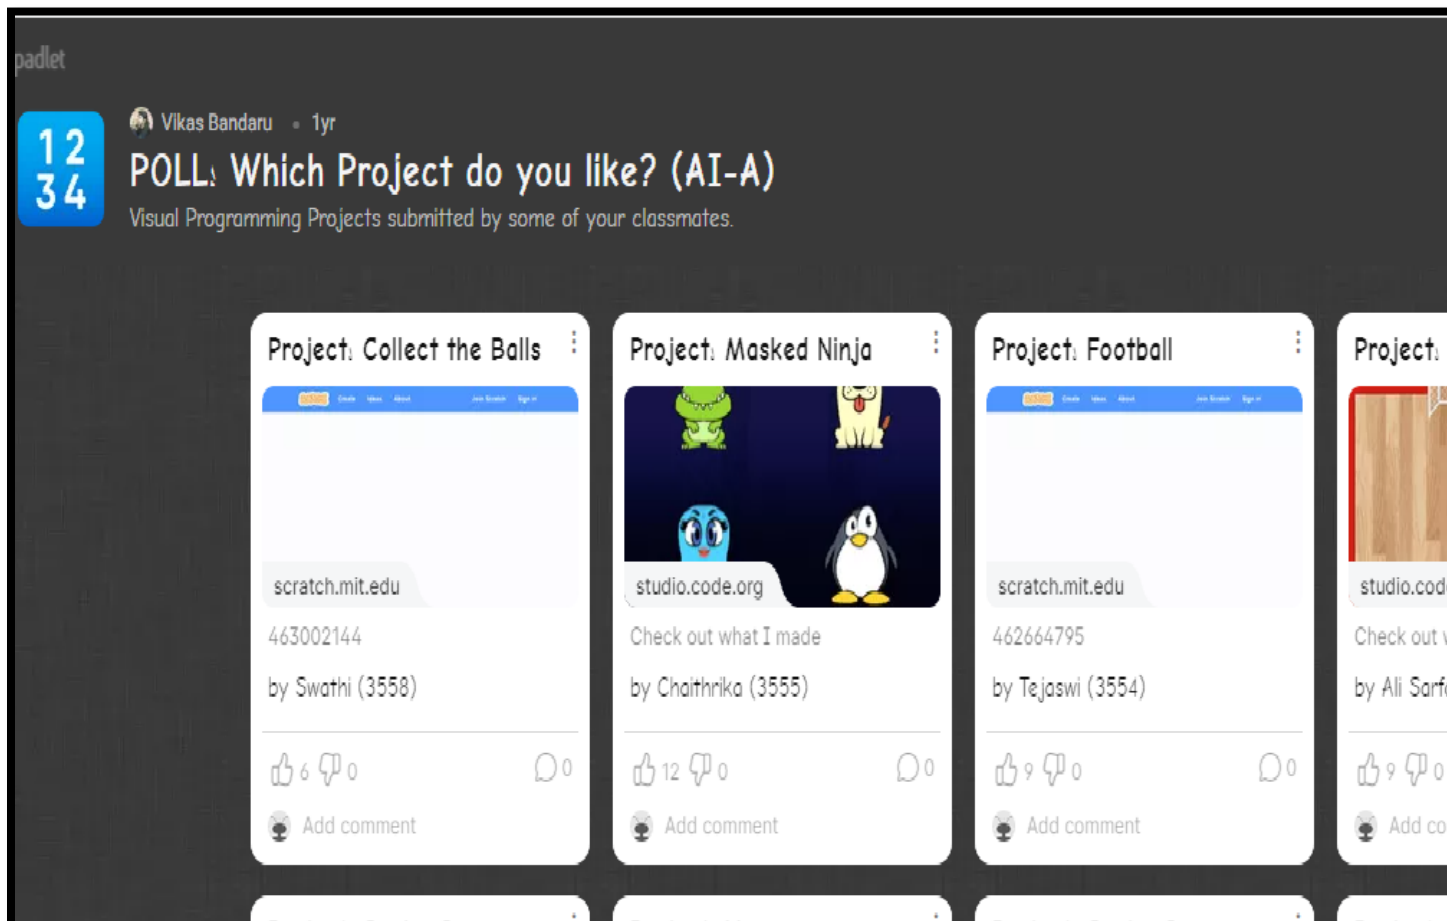

Name of the Faculty: B.Vikas

Topic: Class Poll

Students: I B.Tech I-Sem AI-A

Implementation:

1.Padlet helps them to better assess the learning of everyone in the class, something that can be tricky even with medium-sized classes.

2.The teacher can then use what they see to assess learning and inform the rest of the lesson and future lessons
